

## Why should we tell lies

G D 4x G D

Do you hear me clearly ....

G D

I pulled some straw from your hair  
Otherwise it would be offensive  
To be straight it wasn't fair  
To hide these hours away  
I said I didn't like your shirt  
So you simply pulled it off  
You did the same with your skirt  
The whole story was absurd 2x G D

C G

Why should we tell lies  
About what we've don  
It was fucken nice  
Why should we tell lies?  
Because I've been sure  
It's written in your eyes  
C D 4x G D

Why should we tell lies?

I don't care what people say  
I've got to follow this path  
And I've got to do it anyway  
If you don't mind- every day  
All this happened within some hous  
Seemed like I've known you for years  
I could do nothing but devour  
The passion you gave me that night

Chorus

Instrumental over Verse
