

Drunken Sailor

Dm

What will we do with a drunken sailor?

Early in the morning!

Way hay and up she rises

Way hay and up she rises

Way hay and up she rises

Early in the morning!

Shave his belly with a rusty razor

Put him in a long boat till his sober

Stick him in a scupper with a hosepipe bottom

Put him in the bed with the captains daughter

That's what we do with a drunken sailor
