Intro EmEmEmEm EmEmEmEm DDDD EmEmEmEm 4x (Akk. ab 3.)

Em

I walked along an island's shore
For some thousand years or more

D

Mighty waves came roaring in

Em

And cracked eternal rocks

Heavy clouds brought endless rain

Nature is not to tame

Well, I just thought

STOP !!

She is not to tame

Curly hair like strings of wire

Gleaming red like the fire

Attracting every open eye

She was free like the wind

They all got burned by fire

This girl is not to tame

Well, they all knew

She's not to tame

Intro 2x

It took centuries to be free

It's the land I crave to see

The treasure of all my dreams

People proud of their home

A population raised by pain

A nation that's not to tame

Well, for their freedom

They're not to tame
