

Who's Looking Out

F

I'm perched upon a burnt bridge,

Dm C

Looking for a last chance,

Bb F C

Singing in the wind just like a crow.

I'm a bum working on my last can,

Wondering where my life ran,

Lost it in the wind and didn't know.

Dm C Bb F

Ooooo Who's looking out?

Who's looking out?

Who's looking out, yeah...

F C F

Who's looking out for you now?

I'm a rose growing in an old briar,

Looking for the last liar,

Poking through the gravel and the hay...

I'm a shoe hanging on a phone wire,

A screw sticking in an old tire,

I'm something someone lost along the way...

Chorus

Instrumental over Verse + Chorus

Who are you when the sails cut,

As it's all chewed up,

Drifting out to sea without an oar?

Out there in a life raft,

Gonna find out real fast,

Better know it then and know for sure.

Chorus 2x
